

FLEX-BOND 1250 HOSE

FLEXIBLE HOSE WITH MORE DURABILITY

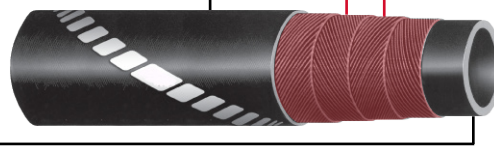

- Latest generation of CF premium fabric hose
- Working pressure of 85 bar / 1233 psi
- Lightweight and durable for easy handling
- Stiffer hose to reduce kinks
- Made with Con Forms' new long-life hose bodies
- All sizes available

Same durable outer jacket as previous FLEX-BOND and SUPER-FLEX hose

Same high-strength extruded rubber tube as previous FLEX-BOND and SUPER-FLEX hose

NEW high-performance textile reinforcement layers with innovative weave design for increased textile strength, pressure rating, and stiffness to reduce hose kinks
